Farmer City Solar

Company History

Started to establish solar companies in the Northern Cape since 2009. After 15 Years of installing off grid systems as well as solar pump systems for the Farmers. In the Northern Cape it came to mind to expand his horizon to the Gauteng, Limpopo, North West, Free state.

The 7 Year drought also had to do with his decision and he decided to sell his current shares and open a brand new company, but this time to assist Farmer as well as the homeowners in the City. There for the name Farmer City Solar.

2004	2009	2012	2014	2015	2018

Start working, learning the solar industry at a Solar Company in the Northern Cape.	Start own Solar Company in Upington.	Opened another Solar Company in Vryburg.	Opened another Solar Company in Kathu.	Opened another Solar Company in Calvinia.	Relocated and Start New Solar Business in Pretoria.

VISION STATEMENT

Passionately Empowering People (P-E-P) This is the attitude that we promote throughout our business. Our vision is not only to look after our customers but also look after the people in our company. We motivate them to enrich their lives by sending them for training and to get the necessary experience to further themselves. Our people are important to us.

MISSION STATEMENT

Our mission is to leave a green footprint and to promote a free and safe way to harness Electricity from the sun. Our team is passionate about making every single person self-sustainable, empowering them to self-generate their own electricity, water and hot water.

VALUES

Excellence. We focus on being excellent in everything we do. We aim to have faith that's God's time is perfect in everything we pursue. We also aim to keep up with technology and strive to implement the new technology in South Africa, because we believe that South Africa can be a better place for all, when servicing each other with the best possible products.

THE DIRECTOR

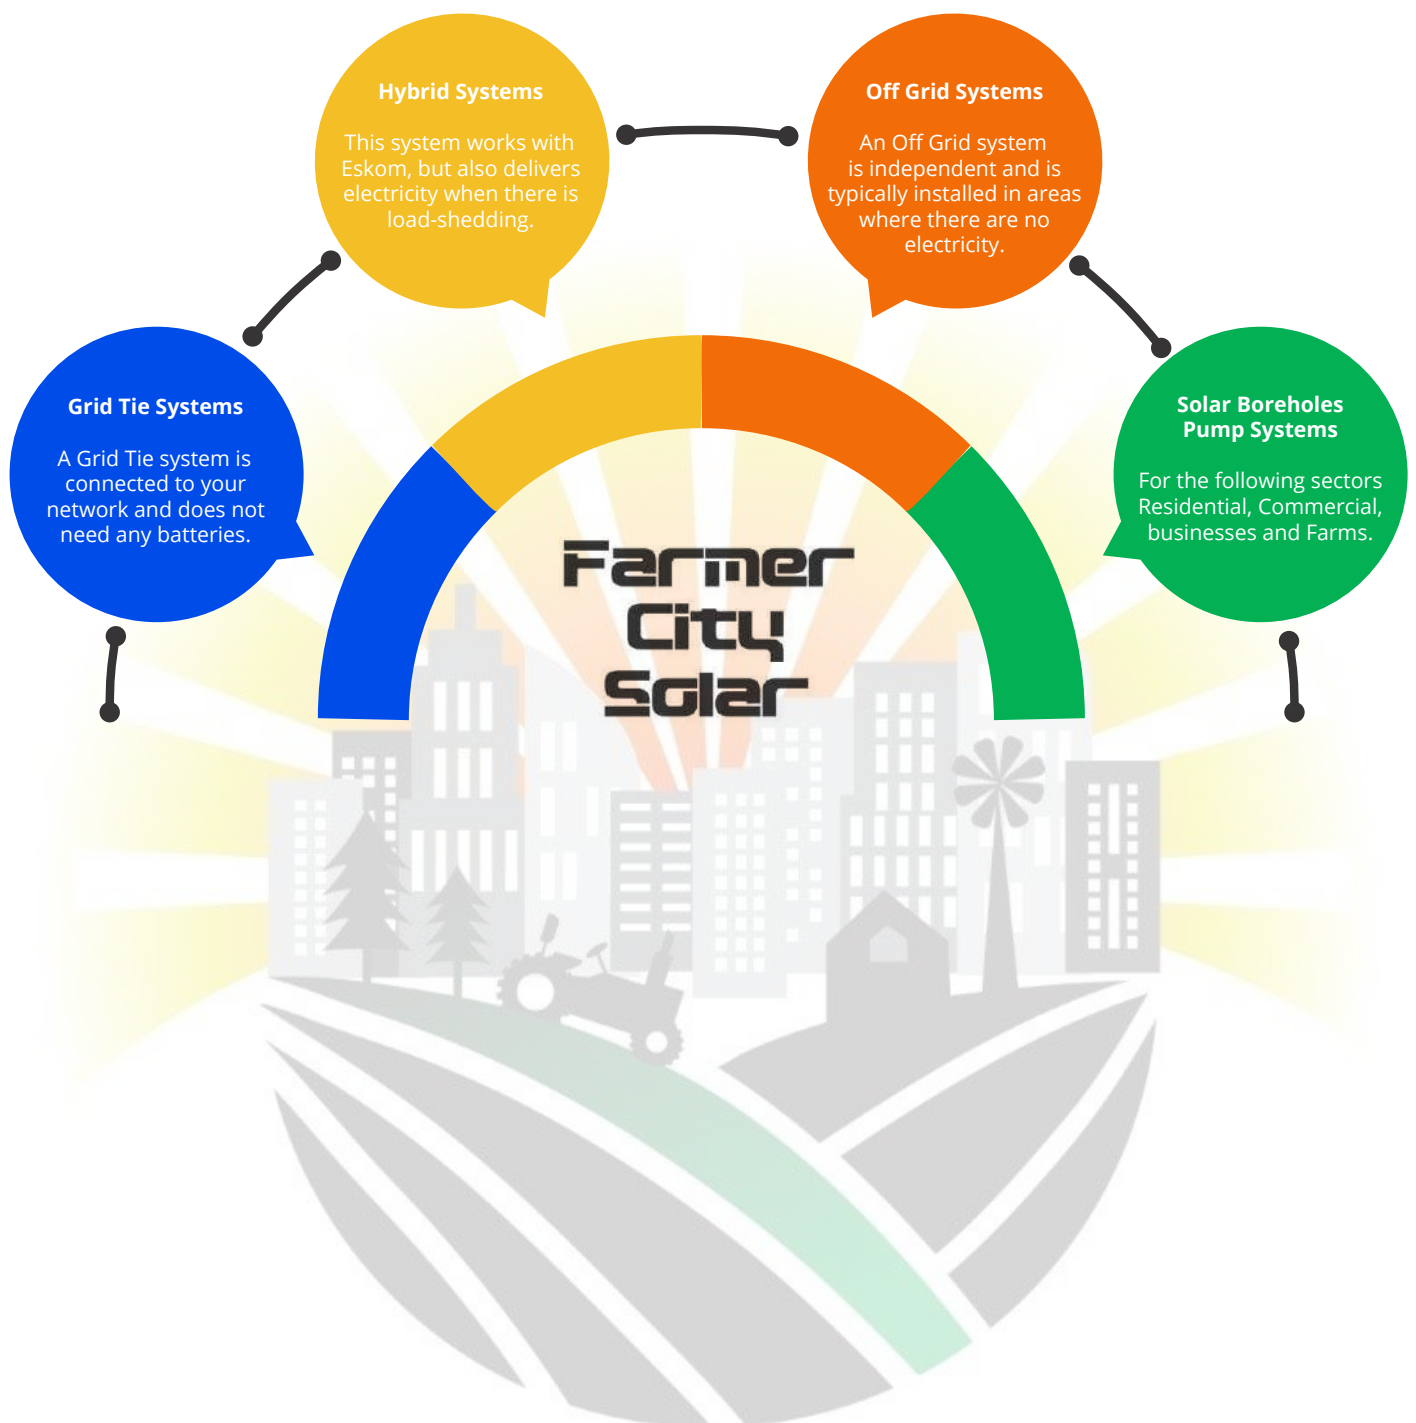

Johan Thuynsma decided to relocate from the Northern Cape to Gauteng where he was a Director of a Solar Company for more than 18 Years.

As there were so many queries in the Gauteng and Limpopo areas, he decided to open Farmer City Solar in 2018.

Who We Are?

We are a Solar Company that specializes in all green alternative energy solutions for the past 18 years. We Sell & Install your systems of the best price possible and our after sales service is what makes us stand out of the crowd.
